

# In-ground Burials

## **In-ground burials**

To accommodate each individual's need, Nudgee Cemetery offers many different types of burial and memorial facilities.

It is recommended to visit the Cemetery to view the various facilities and discuss these options. Once the desired type of facility is identified, a selection can be made from available sites.

## **Monumental Cemetery**

Nudgee Cemetery has monumental plots available throughout the Cemetery, allowing a more personal and traditional style of memorial to be erected in memory of a loved one.

This includes St Brigid's Garden which is a special area for the burial of infants, with the monuments made to suit the size of the small plots.

All monuments are to be installed by a Cemetery authorised monumental mason.
