

In-ground Burials

In-ground burials

To accommodate each individual's need, Nudgee Cemetery offers many different types of burial and memorial facilities.

It is recommended to visit the Cemetery to view the various facilities and discuss these options. Once the desired type of facility is identified, a selection can be made from available sites.

Monumental Lawn Cemetery

The Monumental Lawn is located in the highest part of the grounds. This section offers a selection of headstones with choices in granite colour and design. Double grave options are available. The area is especially for those people who prefer a more formal memorial.
