

# Above-ground Burials

## **Above-ground burials**

To accommodate each individual's needs, Nudgee Cemetery offers several types of burial and memorial facilities.

It is recommended to visit the Cemetery to view the various facilities and discuss these options with our onsite staff. Once the desired type of facility is identified, a selection can be made from available sites.

## **Family Chapels**

A Family Chapel is an alternative to the traditional in-ground burial and is constructed of concrete as a single unit comprising either 8 or 10 beds, in which an entire family will eventually be at rest together.

The family chapels are designed to allow an area for prayer and family memorabilia. The chapels can be appointed in the family's choice of granite, to be arranged directly with a stonemason.
