

In-ground Burials

In-ground burials

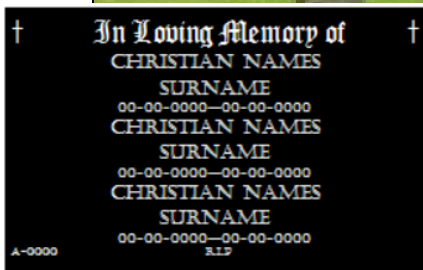

To accommodate each individual's need, Nudgee Cemetery offers many different types of burial and memorial facilities.

It is recommended to visit the Cemetery to view the various facilities and discuss these options. Once the desired type of facility is identified, a selection can be made from available sites.

Lawn Cemetery

The Lawn Section at Nudgee Cemetery is a common burial option. It is characterised by open lawns with identical granite headstones.

The headstone is erected in a vertical fashion to ensure easy location of a particular grave. The cost of the headstone and standard inscription is included in the burial fee. Other accessories are available for the Lawn Sections.

Some prefer a more formal option; such as the standard headstone on a granite base with a granite vase either side of the headstone (additional costs will apply).
